Mr. Andrey Alampiev
47 Wellington Street
North East, PA 16428

Dear Andrey:

Thank you for returning the reply card from our postcard. We are thrilled you are interested in the Erie County Technical School as part of your education at North East High School. Our goal is to give you helpful information about career and technical education as you make important career decisions.

We are always impressed with students like you that are seriously looking to the future and thinking about their career plans. At the Erie County Technical School, our mission is to give you a head start in the job market or help you prepare for college. Many of our graduates have earned college degrees or run their own businesses. You can be just as successful!

Andrey, please look over the brochures we have included with this letter. They give you more information about Construction Trades or other career areas that you listed on the reply postcard. You can also get good information from our web page www.ects.org. There are course descriptions, stories about our graduates and other information that will make it easy for you to say, "Yes, ECTS is for me!"

Sharing our expertise to spark your career potential is what we do best at ECTS. If you need more information Andrey, you are welcome to talk with our teachers or counselors. Just call us at 864-0641, ext. 350 and we will put you in touch with one of our "experts".

We look forward to having you as an Erie County Technical School student next year!

Warmest regards,

Aldo R. Jackson, Ph.D.
