

High School Activity Report
July 22, 2004

1. A search committee with members from ECTS administration and staff has been working to find excellent candidates for the Child Care, Networking and Culinary Arts programs. Screening interviews with approximately twenty applicants were held the week of July 5th. Second interviews will be held on July 16th for the Child Care program. Dates for second interviews for Networking and Culinary Arts are to be announced.
2. Melissa Galbraith from Galbraith Media Access has been working with Dr. Jackson and Mr. Donovan to develop a promotional mailer for the parents of ninth graders to be mailed to Erie County families prior to the annual recruiting campaign. The goal of the promotional piece is to encourage students with a strong academic background to consider a technical secondary education.
3. Mr. Donovan will travel with Dr. Jackson to Selinsgrove Pennsylvania the week of July 19th for the second weeklong PDE training on data driven decision making. These Governor's Institutes are designed to assist high school administrators in the collection and analysis of data to promote effective leadership and management of their schools.
