

**ERIE COUNTY TECHNICAL SCHOOL
PROPOSED AGENDA ITEM**

DATE: February 23, 2006

SUBJECT: Request to accept donation of Conair MX-250 Spruce Picker from Plastikos Inc.

INITIATED BY: John Hansen

DESCRIPTION:

We have recently been offered a piece of equipment for the Plastics Technology program which will give the students a chance to learn something about the set up and operation of a robotic sprue-picker. These items are used extensively in the automation of injection molded part manufacturing throughout the plastics industry and take up very little space.

The item is a Conair MX-250 Sprue Picker, about a year or so old, and has a market value of \$5,000.00. It is being donated from Plastikos Inc. 8165 Hawthorne Drive, Erie Pa. 16509.

RECOMMENDATION:

Motion to accept the donation of a Conair MX-250 Sprue Picker from Plastikos Inc. for use in the Plastics Technology program.
