

High School Activity Report

February 23, 2006

1. On Tuesday, February 14th, sixteen juniors and seniors from our Automotive Technologies class took part in a one-hour exam sponsored by Ford and AAA. This was an annual event which is held at the regional, state, and national levels with the winners receiving tools and scholarships. We will share the results of our students when they become available later in the spring.
2. On Wednesday, February 22, 2006, the ECTS Graduation Committee held its first meeting of the 2005-2006 school year. It is extremely gratifying to observe the willingness of all of our staff to step up and volunteer for the good of the students. Many teachers and instructional assistants offer their time which makes planning events such as this much easier. This year's event will again be held at the MIHS Little Theatre on the evening of May 31st from 7:00 until 9:00 PM.
3. On February 22, 2006, Mr. David Michalak, one of our Automotive Technology Instructors will travel with David Bane (Iroquois) and John Jewell (Seneca) to Pittsburgh for the second leg of the Greater Pittsburgh Auto Dealers Student Skills Competition. Both students qualified for this competition by finishing in second place at an earlier competition held in January. Good luck to both students, and I am sure they will represent the ECTS well.
4. On Friday, February 24, we will reach the mid-point of the third quarter. This will be our first attempt at running mid-quarter reports through SchoolDESX. We are anxious to see how well our new system will work.
