

RCTC Report

July 2005

We are providing customized training for employees at Electric Materials during the months of July and August. Two shifts of workers will be training in Geometric Dimensioning and Tolerancing over a six-week period. RCTC instructor, Dominick Bonitatibus, is teaching this course at the company.

RCTC begins registration for the fall term on August 15th. The updated catalog of courses can be viewed on our web site.

All annual reports have been submitted to PDE for RCTC and New Choices / New Options.

New Choices/New Options has maintained state funding for 2005-06. An in-service will be held at Seven Springs August 8 – 10.
