

ERIE COUNTY TECHNICAL SCHOOL

PROPOSED AGENDA ITEM

DATE: March 23, 2006

SUBJECT: Surplus equipment sale

CATEGORY: Operations: X Policy: Information: Personnel:

INITIATED BY: Steven Sceiford Facility Manager

DESCRIPTION:

Requesting JOC approval to have Penn-Ohio Machinery Co. advertise and solicit bids for the sale of several items of surplus equipment. Eric Rhodes at Penn-Ohio has offered this service as a convenient method of disposing of these items. He will advertise to dealers and negotiate prices on our behalf. The buyers pay a buyer's fee to Penn-Ohio for the service. All final sale prices, terms and conditions will be subject to ECTS administration approval. Penn-Ohio has estimated the sale proceeds to be between \$100,000 and \$150,000. Buyers of the equipment are responsible for any associated costs including but not limited to rigging, shipping and transportation. The proceeds of the sales will be deposited to the General Fund and recorded as sale of surplus assets. The sale agreement will expire June 30, 2006.

RECOMMENDATION:

Motion to approve Penn-Ohio Machinery Co. to conduct a sale of surplus equipment at no cost to Erie County Technical School with all associated costs to be paid by the buyers of the equipment and all sales transactions are to be completed by June 30, 2006.

March 8, 2006

Steve Seifert
Erie County Vo-Tech

Reference my inspection of machinery on February 28th, 2006, see attached sheets.

Prices listed are an opinion based on today's used market, research of like machinery and 25 years in the machine tool industry.

I have included 2 prices for each machine, the first price is an opinion of what the machines might bring should the seller not need to sell and the buyer willing to buy. The second price is an opinion of what the machines might bring if the seller needs to sell and the buyer wants to buy.

Should you decide to sell this equipment, I would welcome the opportunity to try and sell however I am in no position to purchase this equipment for stock

Sincerely

Eric Rhodes
