Dear Dr. Jackson:

Thank you for a very informative presentation to the Board of Directors of the Wattsburg Area School District on July 17, 2006. Your explanation of the need for a Technical Community College in our region and the research that has already begun to promote the possibility will certainly be of great benefit as the board considers the available options. The board and I appreciate your willingness to take time from your busy schedule to keep us well informed.

Sincerely,

A handwritten signature in cursive script that reads "Frank".
