

RCTC Report November 2006

RCTC

The final tally for Term II shows 20 classes in operation serving 155 students.

Sixteen students will take the CFC exam, (air conditioning and refrigeration certification), on Saturday, November 18.

Elaine Shaffer, (Business Partnerships Coordinator) and Mary Ellen have agreed to represent the school by manning a booth at the Erie Engineers Expo at the Civic Center in February.

Mary Ellen is meeting with two of our medical technology instructors to update our course offerings to better meet the job requirements of this industry.

New Choices/ New Options

The November class was postponed due to lack of enrollment. We are advertising in the local county newspapers and will be delivering a program at Mercyhurst West beginning December 4.

PDE is holding a statewide information session for New Choices/New Options project directors in State College December 14 and 15.

We will be delivering thanksgiving baskets, courtesy of Catholic Charities, to a number of our NC/NO clients on November 21.
