Re: Board Resignation

As per our discussion last Thursday, it is with regret that I offer my resignation from the Erie County Tech School Board effective immediately. There are no underlying problems with ECTS – I simply have too much demand for time between my personal, professional and community service activities.

Please express my thanks to the ECTS staff along with my peer Board members for giving me the opportunity to participate in the governance of the school.

Best luck to you and your team as you continue to grow and strengthen the organization.

Sincerely,
Jack
