

RCTC Report April 2009

RCTC

On March 31 we began a six-week customized training class in welding for 12 members of the Local Carpenter's Union. This class is being held at the Skill Center two evenings a week through May 7. This will be followed by certification testing on May 9.

Our current Term IV continues through May 11.

Registration begins April 20 for our final term of this school year. There are 18 classes being offered for Term V, which is our smallest offering of the year.

New Choices/ New Options

The annual statewide event for NC/NO program participants, "Leadership Day", will be held in Harrisburg on Tuesday, April 28. We will begin the day attending the "Equal Pay Day" rally in the Capitol Rotunda, followed by visits to our legislators, and ending the day with the NC/NO rally in the Rotunda.

At this event, Pennsylvania Women Work presents the Stephanie Beavers-Davis scholarships. We are pleased that one of our participants, Christi Smith of Union City, is one of the recipients of this year's awards.

Mary Ellen recently met with the director of Dress for Success in Erie to establish a referral process for clients in need of interview and work apparel.
