

December 3, 2008

Dear Erie County Technical School Foundation Board Members,

It has become a tradition over the past several years for the Erie County Technical School staff to collect money to purchase gift cards for students in need. These cards are distributed right before the Christmas holiday. The financial need of students is determined by their status of economically disadvantaged, input from instructors, and input from the sending school districts.

Last year, with the help of the Erie County Technical School Foundation Board, we were able to provide every student in need a gift card. For many of our students these cards will be used for the necessities that most of us take for granted. The staff of the Erie County Technical School is hoping the Foundation Board will continue to help make the holiday a little brighter for our students by again matching our contribution up to \$1000.00. Our students are very fortunate to have such a wide pool of adults caring for their well being.

We hope you all enjoy a happy, healthy, holiday season!
