

RCTC Report
June 2008

RCTC

Term V will end with the last classes finishing up on June 30th. The next term does not begin until September.

We've working on a brochure to advertise our Medical Administrative Assistant Program. This brochure will be available at the CareerLink as well as in our office.

The schedule for 2008-09 will be on our web page by the end of June along with updated course information.

New Choices/ New Options

Three year-end reports, (Performance Report, Summary Data Report, and Quarterly Report), for 2007-08 have been compiled and sent to PDE.

We are still waiting to hear about the State Budget. Until the budget is approved, there will be no requests for proposals. We do not plan to offer a program until September.

Representative Jerry Stern, (Blair County), has introduced an amendment in the House to provide 3.95 million dollars to NC/NO programs.

In lieu of a state wide in-service, we will join in a conference call on June 30, hosted by PA Women Work.

We continue working with former participants in updating resumes, offering job leads, providing "coaching", information and referrals, and counseling as needed.
