

Erie County Technical School
2009-2010
Campus Committees

Ad Hoc Committees:

Standardized Grading System
Scope of Work: A) To assess current grading practices for strengths and weaknesses B) Identify opportunities for a standardized grading framework for all faculty members
Committee Membership: At least four faculty members, one clerical member and two administrators
Co-chairs: To be determined by committee
Meeting Schedule:
Anticipated Timeline: 6 to 9 months with recommendation(s) for 2010-2011 school year
End Product: A) A report of the committee's work including recommendations for establishing a standardized grading system for all faculty B) Potential policy adoption by the JOC
Committee Members:

Curriculum Scope & Sequence
Scope of Work: A) Review the current curriculum framework for strengths and weaknesses B) Identify opportunities for improvement or revision
Committee Membership: At least four faculty members and two administrators
Co-chairs: Aldo Jackson and To Be Determined
Meeting Schedule:
Anticipated Timeline: 6 to 9 months with recommendation(s) for 2010-2011 school year
End Product: A report of the committee's work including recommendations for revising the current curriculum framework
Committee Members:

Internal Communication
Scope of Work: Review current communication techniques and patterns and identify opportunities for improvement.
Committee Membership: At least three faculty members, two support staff members and two administrators.
Co-chairs: To be determined by committee
Meeting Schedule:
Anticipated Timeline: 4 to 6 months with recommendations to be implemented during 2010-2011 school year or sooner if appropriate
End Product: A report of the committee's work including recommendations for improved internal communications.
Committee Members:

Recycling
Scope of Work: To review current campus recycling efforts and identify areas where recycling efforts could be enhanced.
Committee Membership: Open membership—not to exceed 8 members
Co-chairs: To be determined by committee
Meeting Schedule:
Anticipated Timeline: 4 to 6 months with recommendations to be implemented during 2010-2011 school year or sooner if appropriate
End Product: A report of the committee's work including recommendations for improved recycling. Any anticipated financial needs should be clearly identified and presented.
