

May 28, 2010

Joint Operating Committee Members:

As the faculty and support staff of the Erie County Technical School we would like to once again thank you for your support at the May 2010 JOC meeting. Although we were faced with the difficult task of presenting information to you, you were faced with probably a much more serious challenge as to how to resolve our school's dilemma. Many kind words were said by employers, parents, and former students in our support. It was nice to see that at the conclusion of the meeting we saw the same support that we have come to appreciate from you the JOC. We cannot thank you enough.

We would also like to thank you for your very generous support of Mrs. Shafer and Yuliya Avatyuk who are attending the Skills USA Competition trip to Kansas City, the scholarship funds approval, the money approved to Bob Craft and the National Honor Society, and the money that was previously approved for the YMCA Overnighter last month.

It has always been a pleasure for us to work at this school with the students that your schools send us. We continue to be appreciative as to how lucky we are to have you, the JOC, as our school's governing body that always puts our students first in all of their decisions.

We hope that the positive dialog that we were able to have on May 27th with you will continue into next year and the years to come.

Sincerely,

Roach C. Hewitt / CIS Instructor
