To the Erie County Technical School,

I feel at this time due to my personal health issues I need to inform you that I will not be coming back to work in any capacity. As you are aware, I have been out on medical leave (FML) since February 2, 2009 due to an unplanned medical health emergency. It has been recommended by my health care team to continue with my treatments as they deem necessary.

I would like to thank everyone for many years of wonderful memories that I will cherish. I have made great friends and met many promising young students. I will truly miss being part of the ECTS staff and its future endeavors.

Sincerely,
