Dear Students, Faculty and Staff:

At their meeting on October 22, 2009, the Joint Operating Committee of the Erie County Technical School noted your recent achievement of a county health department inspection of food services without any violations. It was also noted the program and the department have successfully passed inspections for the past several years.

The Joint Operating Committee praises you for this accomplishment! Keep up the great work and keep those successful inspections coming.

On behalf of the Committee,
