Mr. Joe Tarasovitch
Erie County Technical School
8500 Oliver Rd.
Erie, Pa. 16509

Mr. Tarasovitch,

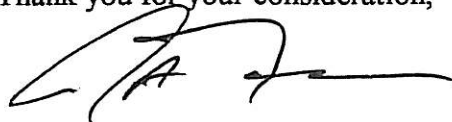

I am pleased to present my resume to you for the position of Automotive Technology Instructor. I believe my broad-based automotive knowledge and my being a dedicated educator make me a highly qualified candidate for the position.

I hold a Vocational 1 Certificate from PDE, as well as a Safety Inspection Instructor Certificate from PaDot. I am committed to the use of technology in the classroom and laboratory, and have developed the Video Competency Assessment program to help students with both their content area and computer skills. I use literacy and organizational strategies which I feel help students succeed in their academic classes as well. I have 6 years of experience in teaching Automotive Technology, and have developed excellent communication, leadership, organizational and time management skills. While teaching at the Corry Area High School, I played an essential role in developing and gaining approval for the Program of Study for Automotive Technology at Corry, as well as sitting on both the Program of Study Development & Validation and Program of Study/NOCTI Assessment Committees.

Enclosed is a resume that provides more detail about my background, a Pa Standard Teaching Application, an application from your human resources department, and my current Act 34 clearance. My Act 151 and CHRI have been applied for, but have not returned yet, so I have included a copy of the applications.

I am excited by an opportunity to return to the school I graduated from, and I believe I would be a creative and energetic asset to your program. I can be contacted at (814)-602- 4160.

Thank you for your consideration,

A handwritten signature in black ink, appearing to read 'JA Fowler', with a long horizontal flourish extending to the right.

James A. Fowler
