

RCTC Report September 2010

RCTC

Term I began on September 7 with 15 classes serving 126 students. In addition, 15 people have completed classes for Enhanced Emissions certification, and another 15 have taken the PA State Inspection class.

We have four programs of study approved for WIA funding this year. Students who meet eligibility requirements can have their tuition paid through the Workforce Investment Act. The programs we are offering include HVAC, Welding, Secretarial/Office, and Medical Records & Health Information.

New Choices Career Development

This year's goal is to offer at least four programs and serve a minimum of 42 individuals. Our first class began on Wednesday, September 15 with ten participants.
