

Supervisors of Instructional Support Services Report
September 2010
Jan Kennerknecht and Patrick Holland

Curriculum Development

Jan will be working with several instructors on Wednesdays during the professional development period to finalize updating of course syllabi that will be shared with students at the beginning of each new course. Our new campus-wide grading system has been referenced on each syllabus along with industry standards. Copies of all ECTS course syllabi are kept in our curriculum library.

Special Education

Jan and Pat attended or gave direct input to 39 IEP meetings in the months of August and September and provided input about our programs and student progress. Districts visited included Millcreek, Girard, Wattsburg, Fort Leboeuf, North East, Union City and Harbor Creek.

On Monday, September 20, 2010, Pat represented the Erie County Technical School at the second annual Transition Fair held at North East High School. The program was designed to provide secondary and post secondary information for students with disabilities from Harbor Creek, Iroquois, and North East.

Literacy

We are proud to announce that we have a team of coaches and teachers that have started the Penn Literacy Network at the Northwest Tri-County Intermediate Unit. We are part of this phase one training in the Critical Reading and Writing in Support of Learning. Our team consists of our part time Literacy and Numeracy coaches, Robin Grimes and Tammy Bright along with two of our instructors Phylis Theuerkauf, from Networking and Mark Cyphert from Metal Fabrication and myself. This training was the first of five trainings throughout the school year.
