

**ERIE COUNTY TECHNICAL SCHOOL
PROPOSED AGENDA ITEM**

DATE: June 12, 2012

SUBJECT: Program Title Changes for 2012-2013

CATEGORY: Operations

INITIATED BY: Aldo Jackson

DESCRIPTION:

A review of all ECTS program titles and codes, enrollment concerns in some programs, and program titles at local postsecondary schools led to a discussion of changing the titles of two programs. Current titles are somewhat vague. The consensus is both ECTS computer-based programs should update their titles.

Computer Information Systems would change to Computer Programming and Networking
Technologies would change to Computer Networking.

MOTION:

To approve changes in program titles to Computer Programming and Computer Networking, beginning in the 2012-2013 school year.
