Paul

This is in regards to the Fred Brockman Scholarship. I know that the board needs to approve the release of the money. Snap-On Tools is extending a 50% discount to the scholarship recipients so we will be able to provide each student with \$1,000.00 worth of tools. Snap-On will work off a P.O. and the students will order the tools on-line and they will be shipped direct to their homes. The student that are to receive the scholarships this year are Kenneth Fletcher of Union City and Ben Williams of Northwestern. If you need more info let me know.

Dave

Snap-on Industrial will honor a 50 % off list price matrix for your student awards banquet, and the 2 student scholarship winners. The \$500 winners at 50% off list will net the winners a \$1000.00 worth of tools. Please provide the list of tools that the winners are interested in, I will quote the tools and upon receiving the PO we will ship the tools directly to the winners.

Thanks Rob Harvey
