If you would please add me to the agenda. I will be discussing Procedure 126, student numbers, and the At-Risk positions.

I suggest that you review the agenda on the webpage at least by 3:00 pm for changes. Nothing should be changed after that. Realize that motions can be made by JOC members from the floor, at any time.

Paul, I have seen that items have been added and subtracted from the agenda in the 11th hour before. Is it possible to add me at this late notice?

Thank you
