

Joint Operating Committee

This letter I write is an unfortunate letter as I must resign my position as 2nd shift custodian to the Erie County Tech School Due to the change of hours made by the management of the facility. I was originally hired for the hours of 6pm to 10pm and the hours have been changed to 2pm to 6pm. This new shift interferes with my duties to my full time job at Janitors Supply CO Inc. My last day will be July 6th 21012 as the shift change starts July 9th 2012.

As alumni of the School it was a great honor to provide back to the school and I would hope that the management of the facility would reconsider their plans to change the hours as I feel it is not best suited for the facility as we were told in a meeting on the 27th of June 2012. I believe that the decision of the facility manager to change these hours will not keep the building in the fine shape that it is currently in. If the hours are to change back to the original hours I hope that I would be considered for the position that I now hold.

Sincerely

Michael Senger

Second Shift Custodian
