JOC Members – Erie County Technical School:

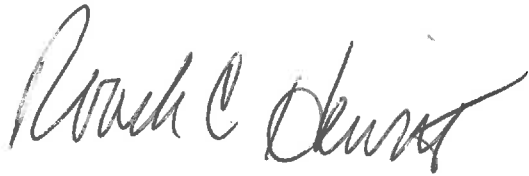

Per School Board Policies 230 and 910, I am requesting student volunteers for an Erie County Special Olympics event. This event will have ECTS students involved in the Special Olympics sport of basketball. This event will occur on Saturday April 6th at Girard High School.

Students volunteering will be keeping score, helping by being a “buddy” to a Special Olympian, working in the passing out of lunches, or by acting as a cheerleader to the Special Olympians.

By our students participating in this event, I feel it will give our students an excellent opportunity to give something back to our community.

Should you approve this event I will be posting flyers around the school in the near future to recruit student volunteers.

Sincerely,

A handwritten signature in black ink, appearing to read "Roach C. Hewitt". The signature is fluid and cursive, with the first name "Roach" being the most prominent.
