AUN: 105-25-280-7

January 10, 2013

Dear Mr. Tech:

Congratulations! We have reviewed the documentation you have submitted to demonstrate compliance of the new meal standards. We are pleased to inform you that based up upon review of your documentation, you are eligible to receive the performance based reimbursement for each lunch meal served as of October 1, 2012. This equates to an additional \$0.06 for each lunch served for the 2012-13 school year.

If you have already submitted your claim for reimbursement for October, November, December, please resubmit the claim by "adding a claim" and selecting submit. **Do not** add, delete, or change any meal counts on this claim. PEARS will automatically calculate the additional \$0.06 for each lunch meal served. This claim will be processed on the next claims processing date.

If you have submitted your October, November, December claim, but it has not yet been processed for payment, please go to the claim, select "modify," scroll to the bottom of the claim, and select "submit." PEARS will automatically calculate the additional \$0.06 for each lunch meal served.

If you have not already submitted your October, November, December claim, please submit your claim for reimbursement. PEARS will automatically calculate the additional \$0.06 for each lunch meal served.

As a reminder, the Division of Food and Nutrition is required to conduct an on-site validation reviews at 25% of the School Food Authorities that are certified as eligible for receiving the performance based reimbursement for the 2012-13 school year. If your school/school district is selected, we will notify you through separate correspondence.

Sincerely,

A handwritten signature in black ink that reads "Vonda Cooke". The signature is written in a cursive, flowing style.

Vonda Cooke, M.S., R.D.
State Director, Child Nutrition Programs
