

NOCTI Recognition Program

The 2012-2013 Perkins Final Agreed Upon Performance Level (FAUPL) for NOCTI testing is 71% Advanced or Competent. This refers to the Overall PSC Level (written and performance).

Silver Star Program: Met or exceeded the FAUPL with a combination of Advanced/Competent scores on the written assessment.

Gold Star Program: Met or exceeded the FAUPL with Advanced scores on the written assessment.

Distinguished Program: Met or exceeded the FAUPL with Advanced scores on both the performance and written assessments.

Next year we will phase out the Silver Star/Gold Star awards. We will continue to recognize programs that meet or exceed the FAUPL with Advanced scores on the Overall PSC Level. Programs that meet or exceed the Overall PSC Level FAUPL (72%) with a combination of Competent and Advanced scores will receive the *Commended Program Certificate*.

ECTS Program	Written Assessment Percentages Advanced/Competent/Basic	Overall PSC Level Percentages Advanced/Competent/Basic	Note	Program Certificate Awarded
AUR	100/0/0	100/0/0		Distinguished
