

May 2013

Human and Quality Resources Report

ISO.

Information will be reviewed and compiled for administrative review. This includes student satisfaction surveys, parent satisfaction surveys, internal audit results and other data collected.

Staffing.

Seasonal Help- Custodial

At this time, one veteran has been employed for seasonal help and one candidate will be recommended on the agenda this month. These employees work from May 1st to September 30th.

Season Help- Technology

Additional interviews were conducted for seasonal help for technology and offers were extended to 2 candidates who turned them down. At this point, one veteran is working in the technology area and additional candidates are recommended this month. These employees also work from May 1st to September 30th.

Instructors

First interviews were conducted for both Culinary Arts and Electrical Engineering. Second interviews will be conducted and the hope is to have a candidate to recommend at the May board meeting. Second interviews will be conducted in June for the Electrical Engineering position and a candidate for recommendation in June.

VA Program

Additional candidates will be interviewed as needed for substitutes and seasonal help from the VA.

Adult Education.

Term V began May 13th and only a few classes are running. Term V is typically a slow term but an additional instructor for welding is on the agenda for approval. Welding had typically been running and often has a waiting list.
