

ITT TECHNICAL INSTITUTE'S EARLY CREDIT PROGRAM (ECP)
Participation Consent Form

THE PROGRAM: The Early Credit Program (ECP) establishes an opportunity for high school students to earn ITT credits while attending their final year of high school. The credits earned at ITT Technical Institute-Youngstown, Ohio are separate from high school credit and are not intended to be used as a substitute for high school credit.

CREDITS: Any credits earned in the ECP will be awarded to the student when he/she enrolls in their chosen program of study. Credit for ECP classes successfully completed will be designated with a grade of "CR" upon starting a program at ITT Technical Institute-Youngstown, Ohio. Credit awarded is based on the requirements noted in the catalog at the time the student enrolls in a degree program. ITT Technical Institute reserves the right to offer/not offer classes, or to alter programs of study at any time. There is no cost to the high school or student for the ECP.

Any student applying for entry into the Early Credit Program must:

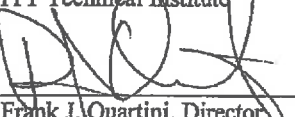

- Be a high school Senior
- Complete an Application
- Complete an interview with an Admissions Representative
- Meet with the Dean of Academic Affairs
- Successfully pass an entrance examination
- Have transportation to/from class
- Return a completed Participation Form
- Complete the financial aid process by the end of the first quarter of the Early Credit Program
