

Memo to the Erie County Vocational Technical Foundation

Request from the ECTS Staff:

The ECTS staff is requesting the Erie County Vocational Technical Foundation once again consider matching the funds raised by our community to purchase “holiday” gift cards for the economically needy students attending our school. The Foundation has previously supported this “gift card” initiative by matching the amount raised by the community up to \$1000.00.

The staff would like to thank you for your generosity in years past and to thank you for your consideration this year.
