

Supervisors of Instructional Support Services Report

June 2015

Jan Kennerknecht and Pat Holland

Curriculum Development

NOCTI Program Recognition – At our end-of-year luncheon, we recognized programs that met or exceeded state targets for NOCTI overall test results. Programs with 72% (or higher) of the students scoring at competent or advanced levels received Commended Program certificates. Those programs who met or exceeded that 72% target with Advanced scores received Distinguished Program certificates.

Commended Programs	Distinguished Programs
Art & Design for Business	Automotive Technology
Auto Body Repair	Construction Trades
Computer Networking	Cosmetology
Computer Programming	Diversified Occupations
Culinary Arts	Electrical Engineering Technology
Early Childhood Education	Electronics
Facility Maintenance	Graphic Communications
Metal Fabrication	Health Assistant
Tourism & Hospitality Management	

Special Education

End of the Year Report Cards - Jan and Pat sent out the fourth quarter grades, for all students with Individualized Education Plans (IEPs) and Section 504 Plans, to our home schools' special education staff and guidance counselors. The fourth quarter percent of success for our student with disabilities is 96% and 98% success rate for the complete school year.

Instructional Aide Evaluations- Pat completed all ten of the instructional aides' end of the year evaluations. All of the instructional aide staff have met the criteria at an "A" level and have shown professional growth in this school year.

Enrollment Update- Currently of the 348 newly admitted ECTS students, 115 students have been identified as students with some type of disability. Students with disabilities make up 33% of our new student population.

Literacy

2014-2015 Literacy Initiatives- We are already reviewing the ECTS Literacy Initiative Action Plan for next school year. This action plan outlines what our instructors need to do to assist our students in the higher level comprehension of the written materials that are part of each of our technical programs. I would like to thank Joe Tarasovitch for supporting our Literacy Campaign by scheduling Max Teaching in-service training back to ECTS. Their message is clear and simple: Creative instruction starts with “engagement of students” in the learning process.
