Dear Jennifer Pontzer,

On behalf of the Erie Regional Manufacturer Partnership please accept our appreciation for your partnership and help at the ERMP Manufacturing Summit on October 1, 2015. Your support of manufacturers and aid in making the event possible was instrumental to ERMP's success.

We were very pleased with the turnout and participation throughout the day and think we have laid a very strong foundation for the important work moving forward. We look forward to working with you and keeping you posted as we progress toward our goals.

Sincerely,

George Currie
Executive Vice President of Erie Press Systems
Chair and President of ERMP
