October 2015

NOCTI Pre-Testing

Erie County Technical School took advantage of PDE's technical assisted program (TAP) funding for the NOCTI pretesting. The seniors from the 18 programs completed the online written test during a scheduled day in October. The pretest will be utilized by the instructors to evaluate areas of weakness in their curriculum and for individual student improvement plans. The goal of the pretesting is to ensure that our students do the best that they can in the end-of-the year NOCTI testing. Kudo's to Mrs. Remle Moyak for her organization to accomplish this testing.

In-Service

On October 12th, the ECTS instructional staff had an in-service day centered around MAX Teaching Strategies. The MAX Program Strategies are processes to fully engage kids in the literacy activities that the Erie County Technical School encourages our instructors to do weekly. The acronym for MAX is Motivation, Acquisition and eXtension Strategies.

OAC Fall Luncheon:

The fall occupational advisory committee membership dinner was held on Monday, October 12th. This was the first of the two yearly OAC meetings between our instructors and these valued advisory members. Each year the meetings have a specific agenda. The main items of discussion were the programs equipment, curriculum, safety and organization. Mr. Tarasovitch would like to recognize Elaine Shaffer for her continued organizational skills and supporting the OAC objectives for the day. There were 150 participants; 118 Business Representatives that represented 82 companies; a decline of five companies from last fall.

PRIDE Student of the Month:

Mr. Tarasovitch has continued the ECTS Student BE-ATTITUDES in recognizing the student of the month. The September PRIDE student of the month is attached.

Fall Fest Dinner:

A more complete report will be supplied at the next meeting because the dinner occurred on Wednesday, October 21st.
