

Admission Coordinator Board Report
August 2016

During the month of August I have had the opportunity to attend freshmen orientations at Ft. LeBoeuf and Seneca as well as Meet the Teacher at Harbor Creek. Several other schools have requested ECTS representation for open houses in the early fall. These events are a nice opportunity to meet parents and students as well as demonstrate the unity between ECTS and sending high schools.

ECTS is looking forward to the *First 8 Days of School* activities. The goal of these team building activities is to bring students together, help new students get to know each other, reunite old friends, and create a team work atmosphere at ECTS. The schedule of events is included. JOC members are welcome to stop in and join in the fun during any activity. The picnic on the final day is a great way to meet our student body.

We have had very few enrollment changes over the summer. I am very appreciative to the Guidance Counselors that agreed to close enrollment until the school year starts. Our goal is to have every student enrolled begin the school year, as we have found that students simply get nervous over the summer months and change their mind without having experienced their ECTS program. The cooperation with the sending districts has significantly decreased the number of student drops.

The planning of the ECTS marketing for the school year is well under way. All JOC members should have received the magnet post card sent to all enrolled students. The next mailing will be to all freshmen in the sending districts towards the end of September. JOC members will receive a copy of all mailed materials.

I look forward to a great year in Admissions. Hope to see you during our *First 8 Days*!
