

Erie County
Technical
School

SECTION: PUPILS

TITLE: MEDICATIONS

ADOPTED: January 26, 2017

REVISED:

	210. MEDICATIONS
1. Purpose	The Joint Operating Committee shall not be responsible for the diagnosis and treatment of student illness. The administration of prescribed medication to a student during school hours in accordance with the direction of a parent/guardian and licensed prescriber will be permitted only when failure to take such medicine would jeopardize the health of the student or the student would not be able to attend school if the medicine were not available during school hours.
2. Authority	The Joint Operating Committee directs all school employees to comply with the Pennsylvania Department of Health's Guidelines for Pennsylvania Schools for the Administration of Medications and Emergency Care.
SC 510 Title 22 Sec. 12.41	Before any medication may be administered to or by any student during school hours, the Joint Operating Committee shall require the written request of the parent/guardian, giving permission for such administration.
3. Definitions	For purposes of this policy, licensed prescribers shall include licensed physicians (M.D. and D.O.), podiatrists, dentists, optometrists, certified registered nurse practitioners, and physician's assistants.
4. Delegation of Responsibility	The Director or designee, in conjunction with the Student Health Coordinator (SHC), shall develop administrative regulations for the administration and self-administration of students' medications.
	All medications shall be administered by the supplemental school nurse, or in the absence of the supplemental school nurse by other licensed school health staff (RN, LPN), except as otherwise noted in this policy.
42 Pa. C.S.A. Sec. 8337.1	In the event of an emergency, a school employee may administer medication when s/he believes, in good faith, that a student needs emergency care.
Pol. 103.1, 113	The supplemental school nurse, under the guidance of the Student Health Coordinator, shall collaborate with parents/guardians, school administration, faculty, and staff to develop an individualized healthcare plan to best meet the needs of individual students.
	The policy and administrative regulations for administration of medications

	shall be reviewed, at least every two (2) years, by a committee consisting of the Student Health Coordinator, school physician, school dentist, designated administrators, members of the School Health Advisory Committee and revised as necessary.
5. Guidelines	The school shall inform all parents/guardians, students and staff about the policy and administrative regulations governing the administration of medications. All standing medication orders and parental consents shall be renewed at the beginning of each school year. SC 1409 Pol. 216 Student health records shall be confidential and maintained in accordance with state and federal laws and regulations and the Department of Health Guidelines. SC 1414.1 Pol. 210.1 Students may possess and use asthma inhalers and epinephrine auto-injectors when permitted in accordance with state law and Joint Operating Committee policy. <u>Delivery And Storage Of Medications</u> All medication shall be brought to the supplemental school nurse's office by the parent/guardian or by another adult designated by the parent/guardian. All medication shall be stored in the original pharmacy-labeled container and kept in a locked cabinet designated for storage of medication. Medications that require refrigeration shall be stored and locked in a refrigerator designated only for medications. The school shall not store more than a thirty-day supply of an individual student's medication. Medication should be recorded and logged in with the date, name of student, name of medication, amount of medication, and signatures of the parent/guardian or designated adult delivering the medication and the school health personnel receiving the medication. Non-prescription medication must be delivered in its original packaging and labeled with the student's name. Prescription medication shall be delivered in its original packaging and labeled with: 1. Name, address, telephone and federal DEA (Drug Enforcement Agency) number of the pharmacy. 2. Student's name. 3. Directions for use (dosage, frequency and time of administration, route, special instructions). 4. Name and registration number of the licensed prescriber.

5. Prescription serial number.
6. Date originally filled.
7. Name of medication and amount dispensed.
8. Controlled substance statement, if applicable.

All medication shall be accompanied by a completed Medication Administration Consent and Licensed Prescriber's Medication Order Form, or other written communication from the licensed prescriber.

Disposal Of Medications

Procedures shall be developed for the disposal of medications consistent with the Department of Health Guidelines, which shall include:

1. Guidelines for disposal of contaminated needles or other contaminated sharp materials immediately in an appropriately labeled, puncture resistant container.
2. Processes for immediately returning to parents/guardians all discontinued and outdated medications, as well as all unused medications at the end of the school year.
3. Methods for safe and environmentally friendly disposal of medications.
4. Proper documentation of all medications returned to parents/guardians and for all medications disposed of by the supplemental school nurse or other licensed school health staff. Documentation shall include, but not be limited to, date, time, amount of medication and appropriate signatures.

Student Self-Administration Of Emergency Medications

Prior to allowing a student to self-administer emergency medication, the school shall require the following:

1. An order from the licensed prescriber for the medication, including a statement that it is necessary for the student to carry the medication and that the student is capable of self-administration.
2. Written parent/guardian consent.
3. An Individual Health Plan including an Emergency Care Plan.
4. The supplemental school nurse shall conduct a baseline assessment of the student's health status.
5. The student shall demonstrate administration skills to the supplemental school nurse and responsible behavior.

Pol. 210.1

Pol. 121	The supplemental school nurse shall provide periodic and ongoing assessments of the student's self-management skills. The student shall notify the supplemental school nurse immediately following each occurrence of self-administration of medication. Students shall demonstrate a cooperative attitude in all aspects of self-administration of medication. Privileges for self-administration of medication will be revoked if school policies regarding self-administration are violated. <u>Administration Of Medication During Field Trips And Other School-Sponsored Activities</u> The Joint Operating Committee directs planning for field trips and other school-sponsored activities to start early in the school year and to include collaboration between administrators, teachers, nurses, appropriate parents/guardians and other designated health officials. Considerations when planning for administration of medication during field trips and other school-sponsored programs and activities shall be based on the student's individual needs and may include the following: 1. Assigning school health staff to be available. 2. Utilizing a licensed person from the school's substitute list. 3. Contracting with a credible agency which provides temporary nursing services. 4. Utilizing licensed volunteers via formal agreement that delineates responsibilities of both the school and the individual. 5. Addressing with parent/guardian the possibility of obtaining from the licensed prescriber a temporary order to change the time of the dose. 6. Asking parent/guardian to accompany the child on the field trip, with proper clearances. 7. Arranging for medications to be provided in an original labeled container with only the amount of medication needed. Security procedures shall be established for the handling of medication during field trips and other school-sponsored activities.
