Interim Operation Manager's Report
April 2018**

Career Street Product Committee

The Career Street Product Committee met to discuss the direction of the “product” and the concept of the initial marketing plan for the Beta Sites. Sam Ring, Justin Gallagher, Terri Birchard, Joe Tarasovitch, and Jennifer Pontzer strategized to begin addressing interested organizations.

Career Street Personnel Review

The Career Street Product Committee reviewed the recommendation of Valerie Hartley, CPA from Buseck, Barger, Bleil & Co., Inc. about the transition of a contract employee to an institutional employee; the IRS **“usually doesn’t like to have a person have both a 1099 and a w-2 from same “employer” in same year.”** With that information the committee will begin investigating a recommendation about the possible transition for the Career Street Executive Director employment status.
