

Book	Policy Manual
Section	000 Local Joint Operating Committee Procedures
Title	Erie County Technical School Organizational Chart
Number	008 - Deleted
Status	From PSBA

-The district's organizational chart has not been included in the drafted section. These charts are not an essential part of policy and could change frequently, requiring the Board to revise the policy each time there is a change in the chart. It might be better suited as a Board Operating Guideline.
