-  **Get a jumpstart on college!** Earn valuable college credits in high school.

8500 Oliver Road | Erie, PA 16509 | (814) 464 - 8600
Erie County Technical School is an equal opportunity educational institution.

Erie County Technical School mailed our marketing pieces to your personal addresses throughout the fall. Until now, those mailings have been sent to every 9th grade student in our sending districts. The attached post card was sent to all students that submitted applications with a personalized message. Going forward, our efforts move from admission to retention as we greet our newly admitted students with a gift in March, host a dinner with teacher event in April, and send personalized welcoming post cards at the end of the school year.

We recognize that students make a huge high school decision when they choose to attend an ECTS program. Our goal is for every student to feel welcomed and a part of the ECTS family well before the school year begins. I hope our mailings and communication have helped you to experience our efforts to help students choose the right program for the right reason. Thank you for all of your support of ECTS!

Admissions is reviewing all applications. 349 applications have been submitted. Teachers will review the applications this month. Incoming students will be admitted and meetings with each district for approval will take place. Letters of application status are set to mail on March 7.

Admissions operates by looking to future events. The planning for New Student Greetings and the Dinner with Teacher taking place in the spring are underway.
