Dear Terri,

Congratulations on adopting the Principles for Governance and Leadership! We are glad that the school board for the Erie County Technical School recognizes the value of adopting and adhering to these guides to help your school board run efficiently, ethically, and in the best interest of your students.

Enclosed is a poster that we encourage all members of your board to sign and to post in a prominent location in your board room or school.

Please contact my office with any questions you may have about the Principles.

Sincerely,
