S.R. - SECTION	S.R. 4008, SECTION S01
MUNICIPALITY	SUMMIT TOWNSHIP
PROJECT LOCAL NAME	OLIVER, FLOWER, AND HAMOT RD INTERSECTION IMPROVEMENT PROJECT
NOTICE OF INTENT TO ENTER	

CERTIFIED MAIL

May 6, 2019

Erie County Technical School
Erik Kincade, Superintendent
8500 Oliver Road
Erie, PA 16509

Dear Mr. Kincade:

In line with the Department of Transportation's responsibility to develop plans for highway improvements in your area, Department employees or our consultants or contractors may need to enter your land in order to conduct surveys, engineering studies, soil exploration, or tests and/or soundings to gather information. This entry is authorized by the Pennsylvania Eminent Domain Code and may include the use of core drilling rigs and/or other equipment.

Our studies will be performed as courteously and as quickly as possible. Our employees or agents will correct any disturbances to your property upon completion of their work. The Department will notify you personally, if possible, prior to any entry.

Should you have any concerns about workers' entry, please notify Michael R. Hunkele, P.E., at telephone number 814.678.7173; or feel free to discuss any concerns with on-site personnel.

We appreciate your cooperation and assistance in our task of planning and designing better transportation facilities for the citizens of Pennsylvania.

Sincerely,

for 
Brian A. McNulty, P.E.
Assistant District Executive
Engineering District 1-0
