Purpose

The Joint Operating Committee is committed to protecting the health, safety and welfare of its students and school community. This policy supports federal, state and local efforts to provide education on youth suicide awareness and prevention; establish methods of prevention, intervention, and response to suicide or suicide attempt; and to promote access to suicide awareness and prevention resources.[\[1\]](#)[\[2\]](#)[\[3\]](#)[\[4\]](#)[\[5\]](#)

Authority

In compliance with state law and regulations, and in support of the Erie County Technical School's suicide prevention measures, information received in confidence from a student may be revealed to the student's parents/guardians, the building principal or other appropriate authority when the health, welfare or safety of the student or any other person is deemed to be at risk.[\[6\]](#)[\[7\]](#)[\[8\]](#)[\[9\]](#)

Guidelines

The Erie County Technical School (ECTS) shall utilize a multifaceted approach to suicide prevention which integrates school and community-based supports.

The Erie County Technical School shall notify the Erie County Technical School employees, students and parents/guardians of this policy and shall post the policy on the ECTS website.[\[1\]](#)

SUICIDE AWARENESS AND PREVENTION EDUCATION[\[1\]](#)

Protocols for Administration of Student Education

Students shall receive age-appropriate education on the importance of safe and healthy choices, coping strategies, how to recognize risk factors and warning signs, as well as help-seeking strategies for self or others including how to engage ECTS and Home School resources and refer friends for help.

Lessons shall contain information on comprehensive health and wellness, including emotional, behavioral and social skills development.

Protocols for Administration of Employee Education

All Erie County Technical School employees, including but not limited to secretaries and custodians, shall receive information regarding risk factors, warning signs, response procedures, referrals, and resources regarding youth suicide prevention.

As part of the Erie County Technical School's professional development plan, professional educators in school buildings serving students in grades six (6) through twelve (12) shall participate in four (4) hours of youth suicide awareness and prevention training every five (5) years.[\[1\]](#)[\[10\]](#)

Additional professional development in risk assessment and crisis intervention shall be provided to guidance counselors, ECTS mental health professionals and school nurses.

Resources for Parents/Guardians

The Erie County Technical School may provide parents/guardians with resources including, but not limited to, health promotion and suicide risk, including characteristics and warning signs; and information about local behavioral/mental health resources.

METHODS OF PREVENTION[\[1\]](#)

The methods of prevention utilized by the Erie County Technical School include, but are not limited to, early identification and support for students at risk; education for students, staff and parents/guardians; and delegation of responsibility for planning and coordination of suicide prevention efforts.

Suicide Prevention Coordinator

A suicide prevention coordinator shall be designated by the Administrative Director to act as a point of contact for issues relating to suicide. This may be an existing Erie County Technical School employee. The ECTS suicide prevention coordinator shall be responsible for planning and coordinating implementation of this policy.

Early Identification Procedures

Early identification of individuals with one (1) or more suicidal risk factors or of individuals exhibiting warning signs is crucial to the Erie County Technical School's suicide prevention efforts. To promote awareness, ECTS employees, students and parents/guardians should be educated about suicidal risk factors and warning signs.

Risk factors refer to personal or environmental characteristics that are associated with suicide including, but not limited to:

- Behavioral Health Issues/Disorders:
 - Depression.

- Substance abuse or dependence.

Warning signs are indications that someone may be in danger of suicide, either immediately or in the near future. Warning signs include, but are not limited to:

- Expressions such as hopelessness, rage, anger, seeking revenge, feeling trapped, anxiety, agitation, no reason to live or sense of purpose.
- Recklessness or risky behavior.
- Increased alcohol or drug use.
- Withdrawal from friends, family, or society.
- Dramatic mood changes.

Referral Procedures

Any Erie County Technical School employee who has identified a student with one (1) or more risk factors or who has an indication that a student may be contemplating suicide, shall refer the student for further assessment and intervention.

Documentation

The Erie County Technical School shall document the reasons for referral, including specific warning signs and risk factors identified as indications that the student may be at risk.

METHODS OF INTERVENTION[\[1\]](#)

The methods of intervention utilized by the Erie County Technical School include, but are not limited to, responding to suicide threats, suicide attempts in the school, suicide attempts outside of the school, and completed suicide. Suicide intervention procedures shall address the development of an emotional or mental health safety plan for students identified as being at increased risk of suicide.

Procedures for Students at Risk

An Erie County Technical School approved suicide assessment instrument may be used by trained mental health staff such as counselors, psychologists, social workers.

Parents/Guardians of a student identified as being at risk of suicide shall be notified by the Erie County Technical School. If the Erie County Technical School suspects that the student's risk status is the result of abuse or neglect, the ECTS staff shall immediately notify Children and Youth Services.[\[5\]](#)

The Erie County Technical School shall identify mental health service providers to whom students can be referred for further assessment and assistance.

Mental health service providers – may include, but not be limited to, hospital emergency departments, psychiatric hospitals, community mental health centers, psychiatrists, psychologists, social workers, and primary care providers.

The Erie County Technical School shall create an emotional or mental health safety plan to support a student and the student's family if the student has been identified as being at increased risk of suicide.

Students With Disabilities

For students with disabilities who are identified as being at risk for suicide or who attempt suicide, the appropriate team shall be notified and shall address the student's needs in accordance with applicable law, regulations and Joint Operating Committee policy.[2][11][12][13][14]

If a student is identified as being at risk for suicide or attempts suicide and the student may require special education services or accommodations, the Supervisors of Instructional Support Services shall be notified and shall take action to address the student's needs in accordance with applicable law, regulations and Joint Operating Committee policy.[2][11][12][13][14]

Documentation

The Erie County Technical School shall document observations, recommendations and actions conducted throughout the intervention and assessment process including verbal and written communications with students, parents/guardians and mental health service providers.

The Administrative Director or designee shall develop administrative regulations providing recommended guidelines for responding to a suicide threat.

METHODS OF RESPONSE TO SUICIDE OR SUICIDE ATTEMPT[1]

The methods of response to a suicide or a suicide attempt utilized by the Erie County Technical School include, but are not limited to:

1. Identifying and training the Erie County Technical School's crisis response/crisis intervention team.
2. Determining the roles and responsibilities of each crisis response team member.
3. Notifying students, employees and parents/guardians.
4. Working with families.
5. Responding appropriately to the media.
6. Collaborating with community providers.

The Administrative Director or designee shall develop administrative regulations with recommended guidelines for responding to a suicidal act or attempt on the Erie County Technical School grounds or during a school sponsored event.

Re-Entry Procedures

A student's excusal from attendance after a mental health crisis and the student's return to the Erie County Technical School shall be consistent with state and federal laws and regulations.[2][11][12][13][15][16]

An Erie County Technical School employed mental health professional, the building principal or suicide prevention coordinator shall meet with the parents/guardians of a student returning to the school after a mental health crisis, and, if appropriate, meet with the student to discuss re-entry and applicable next steps to ensure the student's readiness to return to ECTS.

When authorized by the student's parent/guardian, the designated ECTS school employee shall coordinate with the appropriate outside mental health care providers.

The Erie County Technical School designated employee will periodically check in, as needed, with the student to facilitate the transition back into the school community and address any concerns.

REPORT PROCEDURES[1]

Effective documentation assists in preserving the safety of the student and ensuring communication among the ECTS staff, parents/guardians and mental health service providers.

When an ECTS school employee takes notes on any conversations or situations involving or relating to an at-risk student, the notes should contain only factual or directly observed information, not opinions or hearsay.

As stated in this policy, school employees shall be responsible for effective documentation of incidents involving suicide prevention, intervention and response.

The suicide prevention coordinator shall provide the Administrative Director with a copy of all reports and documentation regarding the at-risk student. Information and reports shall be provided, as appropriate, to guidance counselors, school mental health professionals and school nurses.
