

ERIE COUNTY TECHNICAL SCHOOL

RESOLUTION

RESOLVED by the members of the Joint Operating Committee of the Erie County Technical School that, with regret, it approves the Retirement Agreement and General Release with Dr. H. Fred Walker.

1. Dr. H. Fred Walker is employed by the Erie County Technical School as its Director. He has held that position since August 1, 2018.
2. Dr. Walker has expressed his desire to retire from his employment with the Erie County Technical School.
3. During his tenure, Dr. Walker has substantially advanced the progress of the renovation of the ECTS, engaged in curricular reform, initiated new academic programs, and secured nearly \$1,000,000 in grant funding.
4. The Joint Operating Committee of the ECTS believes it would be of value to maintain Dr. Walker's engagement as it progresses with the renovation, and would also benefit greatly from his guidance in new program development and in securing external funding.
5. The Erie County Technical School is willing to accept Dr. Walker's letter of retirement on the condition he remains available as a resource and consultant to assist the Erie County Technical School, and will compensate him for such work, during its search for his successor and for a period of time thereafter.
6. Dr. Walker has indicated that he would remain available as a resource and consultant to the Erie County Technical School after his retirement if provided with certain compensation and benefits.

This Resolution was adopted by the Joint Operating Committee of the Erie County Technical School at a meeting duly convened and held on June 24, 2021.
