

RCTC Report

September 10, 2020

We are no longer conducting fingerprinting, our final day was August 7, 2020.

PA State Inspection ran in August and September with reduced number of students because of Covid. We hope to run another class in October if we have enough students.

We are proctoring emissions testing and average 3 test takers a week.

Term I just started and we are running a Welding class, which includes Basic, Intermediate and Advanced students, class started on September 8.

New CDL classes begin each month and are running smoothly.
