

Student Spotlight

April 2022

Graphic Media & Design

In the Graphic Media & Design program, students learn to communicate visually using text and graphics. The industry is continually evolving. In addition to print, the graphics “umbrella” has expanded to include web, signage, video, photography, gaming, animation, merchandise, specialty printing, and other mediums.

The following students will be sharing work and information about the program:

- Riddhima Aitha, 10th grade, Fairview
- Olivia Clemente, 10th grade, Millcreek
