Morning sessions	Total	73 students
Session 1	8:30-9:00	
Session 2	9:00-9:30	
Session 3	9:30-10:00	

Afternoon session	Total	30 students
Session 1	12:15-1:00	
Session 2	1:00-1:45	

This year's Military Day was held in the Skill Center due to renovation construction. Michele Garvey and the Transition students served our distinguished guests coffee and homemade donuts

Our Culinary instructors and students provided wraps and subs that were delivered to the Skill Center and served with soup by our Transition center team. I invited our staff that have served in any branch to join us for lunch to thank them for their service.

After each panel discussion, the students were permitted to spend some time asking specific questions and visiting with the representatives. Comments from the student surveys were very positive, over 98% responded that it was helpful and over 95% that it should be offered again next year. I did find a higher than usual interest in taking the ASVAB (over 35 students). The suggestions and negative comments all centered on the need for more time to spend with the representatives.
