

RCTC Report

August 18, 2021

PA State Inspection Class ran in August and we are currently taking registrations for the September class. We are registering a limited number of students each session because of Covid.

RCTC is proctoring Emissions Certification Testing and are averaging 2 to 3 test takers each week.

Term I starts September 7 and we are hoping to run Industrial Electricity and Welding classes.

CDL Classes continue to run each month and are running smoothly.
