

RCTC Report

January 21, 2022

PA State Inspection ran in December and we are running a February class, we are keeping the enrollment to a minimum of 10-12 students so everyone can be distanced when sitting in the classroom.

We are proctoring emissions testing and average 2 to 3 test takers a week.

Term III started in January and we are running an Industrial Electricity I Class with 9 students.

New CDL classes begin each month and are running smoothly.
