Purpose

The Joint Operating Committee recognizes the vital role parents/guardians and family play in the education, welfare and values of their children.

The school is committed to the belief that all students can learn and acknowledges that the school and parents/guardians share a commitment to the educational success of children.

Definition

Parental and family involvement shall be defined as an ongoing process that assists parents/guardians and families to meet their basic obligation as a child's first educator, promotes clear two-way dialogue between home and school, and supports parents/guardians as leaders and decision-makers concerning the education of their children at all levels.

Authority

The Joint Operating Committee recognizes that the responsibility for each student's education is shared by the school and the family and acknowledges that the school and families must work as knowledgeable, cooperative partners to effectively educate all students.

To this end, the Joint Operating Committee shall support the development, implementation, and continuing evaluation of a parental and family involvement program that will involve parents/guardians in a variety of roles.[\[1\]](#)

Delegation of Responsibility

The Director or designee shall regularly evaluate and report to the Joint Operating Committee on the effectiveness of the school's parental involvement efforts, including, but not limited to, input from parents/guardians and staff on the adequacy of parental involvement opportunities and barriers that may inhibit parent/guardian participation.

Guidelines

Because parents/guardians are familiar with the needs, problems and abilities of their children, staff should communicate with and seek their input throughout the school year.

The parental and family involvement program may include the following:

- 1. Support for parents/guardians as school leaders and decision-makers, in addition to serving in advisory roles.**
- 2. Promotion of clear two-way communication between the school and the family about school programs and student progress.**
- 3. Assistance to parents/guardians and families in developing parenting skills to foster positive relationships at home, to support children's educational efforts, and to assist their children with learning at home.**
- 4. Involvement of parents/guardians, with appropriate training, in support roles at the school.**
