Guidelines

To reinforce the center's (school's) commitment to nutrition and student wellness, foods served in the school cafeteria shall:[\[19\]](#)

1. Be carefully selected to contribute to students' nutritional well-being and health.
2. Meet the nutrition standards specified in law and regulations and approved by the Joint Operating Committee.
3. Be prepared by methods that will retain nutritive quality, appeal to students, and foster lifelong healthy eating habits.
4. Be served in age-appropriate quantities, at reasonable prices.

{ } The center (school) shall use USDA Foods menus available under the Child Nutrition USDA Foods Programs.

All funds derived from the operation, maintenance or sponsorship of the food service program shall be deposited in the separate cafeteria fund, in the same manner as other center (school) funds. Such funds shall be expended in the manner approved and directed by the Joint Operating Committee, but no amount shall be transferred from the cafeteria fund to any other account or fund; however, advances to the food service program may be returned to the center's (school's) general fund from any surplus resulting from its operation.[4]

Surplus accounts shall be used only for the improvement and maintenance of the cafeteria.[4]

Free/Reduced-Price School Meals and Free Milk

The center (school) shall provide free and reduced-price school meals and/or free milk to students in accordance with the terms and conditions of the National School Lunch Program, the School Breakfast Program and the Special Milk Program.[20][21]

The center (school) shall conduct direct certification three (3) times per year using the Pennsylvania Student Eligibility System (PA-SES) to identify students who are eligible for free school meal benefits without the need for submission of a household application. Direct certification shall be conducted.[20][21]

1. At or around the beginning of the school year.
2. Three (3) months after the initial effort.
3. Six (6) months after the initial effort.

The center (school) may also conduct direct certification on a weekly or monthly basis.

Accommodating Students With Special Dietary Needs

The center (school) shall make appropriate food service and/or meal accommodations to students with special dietary needs in accordance with applicable law, regulations and Joint Operating Committee policy.[22][23][24][25]

School Meal Service and Accounts

To ensure the effective operation of the center's (school's) food service program and delivery of school food program meals to students, the center (school) shall:

1. Assign individual school meal accounts to each student for the purchase of meals served in the cafeteria, which ensure that the identity of each student is protected.
2. Notify parents/guardians when the student's school meal account reaches a low balance.
3. Notify parents/guardians when the student's school meal account reaches a negative balance. The notice shall include information on payment options.
4. Provide a school food program meal to each student who does not have the money to pay for the school food program meal or who has a negative balance in their school meal account, except when the student's parent/guardian has specifically provided written notice to the center (school) to withhold a school food program meal.[3]

When a student owes money for five (5) or more school food program meals, the center (school) shall make at least two (2) attempts to contact the student's parent/guardian and shall provide the application for free/reduced-price school meal benefits to the parent/guardian to apply for benefits under federal school meal programs. The center (school) may offer assistance to parents/guardians with applying for free/reduced-price school meal benefits.[3][20][21]

Communications regarding a low balance or money owed by a student for school meals shall be made to the student's parent/guardian.[3]

Center (School) staff may communicate a low balance or money owed by a student for school meals to a student in grades 9-12; such communication shall be made to the individual student in a discreet manner.[3]

{ } The center (school) shall be permitted to contact the student's parent/guardian by means of a letter addressed to the parent/guardian that is delivered by the student.[3]

The center (school) shall be prohibited from:[3]

1. Publicly identifying or stigmatizing a student who cannot pay for a school food program meal or who has a negative school meal account balance. It shall not constitute public identification or stigmatization of a student for the center (school) to restrict privileges and activities of students who owe money for school meals if those same restrictions apply to students who owe money for other center (school)-related purposes.
2. Requiring a student who cannot pay for a school food program meal to perform chores or other work to pay for the meal, unless chores or other work are required of all students regardless of their ability or inability to pay for a school food program meal.
3. Requiring a student to discard a school food program meal after it was served to the student due to the student's inability to pay for the meal or due to a negative school meal account balance.

This policy and any applicable procedures or administrative regulations regarding school meal charges and school meal accounts shall be communicated annually to center (school) administrators, center (school) food service personnel, other appropriate staff, and contracted food service personnel.

The center (school) shall provide parents/guardians with a written copy of this policy and any applicable procedures or administrative regulations at the start of each school year, when a student enrolls in the center (school) after the start of the school year, and when a parent/guardian is notified of a negative school meal account balance.

{ } The center (school) shall annually inform parents/guardians, students and staff about the contents of this policy and any applicable procedures via the center (school) website, student handbooks, newsletters, posted notices and/or other efficient communication methods.

Collection of Unpaid Meal Charges

Reasonable efforts shall be made by the center (school) to collect unpaid meal charges from parents/guardians. Efforts taken in the collection shall not have a negative impact on the student involved, but shall focus primarily on the parents/guardians responsible for providing funds for meal purchases.

Procurement

Procurement of goods or services for the food service program shall meet the requirements of applicable law, regulations and Joint Operating Committee policy and procedures.[26][27][28]

Professional Standards for Food Service Personnel

The center (school) shall comply with the professional standards for school food service personnel who manage and operate the National School Lunch and School Breakfast Programs. For purposes of this policy, **professional standards** include hiring standards for new food service program directors and annual continuing education/training for all individuals involved in the operation and administration of school meal programs. Such professional standards shall apply to both center- (school-) operated food service programs and contracted food service programs.[6][7][18][29]

School Food Safety Inspections

The center (school) shall obtain two (2) safety inspections per year in accordance with local, state and federal laws and regulations.[16][17][30]

The center (school) shall post the most recent inspection report and release a copy of the report to members of the public, upon request.

School Food Safety Program

The center (school) shall comply with federal requirements in developing a food safety program that enables the center (school) to take systematic action to prevent or minimize the risk of foodborne illness among students.[8][10][16]

The center (school) shall maintain proper sanitation and health standards in food storage, preparation and service, in accordance with applicable state and local laws and regulations and federal food safety requirements.[17][30][31]

NOTES:

Language related to provisions for alternative meals being served to students if the student is not eligible for free/reduced-price school meals and the student's account reaches a negative balance of more than fifty dollars (\$50) in a school year was removed based on recent food service audits conducted by PDE stating that the language is in violation of the USDA regulations. Although alternative meal provisions were added to the PA School Code [24 P.S. Sec. 13-1337](#) under Act 16 of 2019, PDE's Child Nutrition Programs issued a memo regarding [Revised Meals for Students with Insufficient Funds and Local Meal Charge Policies](#) stating that the provision of law regarding alternative meals **does not apply to any student in any school that participates in the National School Lunch or School Breakfast Programs whether or not the student qualifies for free and reduced-price school meals**. School entities should work with their solicitor if they wish to use the alternative meal provisions from 24 P.S. Sec. 13-1337 under Act 16 of 2019.

When a center (school) contracts for food services, use master as-is except delete the paragraphs under Guidelines starting with "Surplus accounts..." and "All funds derived..."
