

Supervisors of Instructional Support Services Report
October 2021
Sandy Carr and Lesa Scalise

Curriculum and Remote Learning

The Professional Learning Committees (PLC's) continue to enhance the unit plans in CTE-360. Thanks to Mariea Sargent for offering a guidance workshop to the instructors.

Sandy accompanied Joe Tarasovitch to Butler County Vocational-Technical School to visit their Sports Medicine/Rehabilitation Aide program. We collected a wealth of information including curriculum, equipment, and textbook information.

Approved Program Evaluation

Lesla and Sandy participated in interviews with the APE auditors during the last week of September. We will review the audit findings with the Administrative Team. The auditors were very impressed with the CTE-360 platform used for presenting audit evidence.

Literacy

Todd Luke, an educational consultant for our TAP Literacy initiative visited ECTS on Friday, October 15 to work with our newest instructors on MAX Teaching. These strategies integrate literacy into lessons.

Special Education

Sandy and Lesa met with instructors to review the IEP's and 504 plans of their students.

We will interview candidates for our open Instructional Aide position. Our instructional aides are assisting with meeting the educational needs of our students and also assisted with the pre-NOCTI testing.

NOCTI

NOCTI pre-testing for our seniors is complete. Thanks to all staff members that helped to complete the testing. Our faculty members received test reports. Faculty members will use the data from the pre-test to develop NOCTI plans for students.
