

ERIE COUNTY TECHNICAL SCHOOL

Guiding Principles

ECTS Mission

Erie County Technical School delivers career success to Northwest Pennsylvania through:

* **E**mploy-ability * **C**areer Planning * **T**echnical Education * **S**upporting Academics

ECTS Vision

The Erie County Technical School, while continuing to serve our existing students, will serve the career preparation needs of new groups of students. We expect to serve more students who will pursue postsecondary education, as well as those who have yet to decide on their career or educational plans. Students will come to our school because we offer programs that help them pursue their career paths, lead them to respected occupations, and emphasize the need for lifelong learning.

We also expect to serve as the hub for career development of all students in our service area. It is imperative that students at all grade levels participate in a coordinated career development program so that they make informed career decisions. In support of this career development program and our overall mission, we will work to convince students, their parents, and the public that career and technical education is good for everyone.

ECTS Principles

1. Ensure the safety and welfare of our students
2. Provide opportunities for learning
3. Protect the public trust
4. Provide for the transition from school to work, additional training or military service
5. Embrace diversity

ECTS Quality Policy

The Erie County Technical School is committed to providing career and technical education that exceeds the expectations of our customers while continually measuring our progress and improving our programs and services.

ECTS Quality Slogan

Excellence in Career and Technical Studies
